

co-op youth leadership

Over the past two decades, the Manitoba Cooperative Association has been developing young leaders across the province, through the Co-op Youth Leadership Program. Not all youth wishing to attend a Co-op Youth Leadership Program can find local sponsorship. The sponsorship pool provides funds to cover the registration fee for those participants unable to find a sponsor.

You can make a difference

Just as the rays of sun nourish the growth of the trees who protect the flowers, the seven cooperative principles guide the development of co-operators, young and old, as their ideas blossom into healthy, successful cooperatives.

Sponsorship Pool

Where does the money come from?

Funding for the sponsorship pool comes from the generous donations of individuals, cooperatives and credit unions throughout Manitoba.

Who manages the money?

The Manitoba Cooperative Association manages the Sponsorship Pool, with the aim of depleting the pool in each budget year. The sponsorship pool is used to achieve the purpose of providing sponsorship to youth in need. In the event that the sponsorship pool is not depleted in any given year, the funds remain in the sponsorship pool and are carried forward to the next year.

How are sponsors recognized?

Thank you letters are sent to all sponsors of the pool, indicating the name and contact information of the participant they sponsored in part or in full. Sponsors are encouraged to have the participant provide a report on their experience.

Donations to the sponsorship pool are recognized on the Manitoba Cooperative Association website — www.manitoba.coop.

What is the Sponsorship Pool?

The sponsorship pool is used to cover the \$275 Manitoba Co-op Youth Leadership Seminar fees for youth aged 15-18 who cannot find a local sponsor. Funds from the sponsorship pool are accessed based on need and demand. Priority of funding provided to a participant is on a first-come, first-served basis and only after all other potential funding sources have been exhausted.

It is also the intention of the Manitoba Cooperative Association to use excess funds in the Sponsorship Pool to send participants to the International Building Cooperative Futures Conference. The Conference, held annually in May for participants aged 18-30, is hosted by different cooperative networks throughout the world.

This conference provides an excellent opportunity for young cooperators to network and learn about the different applications of the cooperative model throughout the world.
